

CINE TO DVD & DIGITAL VIDEO FILES

STANDARD 8, SUPER 8 & 16MM CINE

We can convert your old cine films to modern formats for viewing on computers and DVD players. We charge for just the amount of footage on each reel, for example a 200ft reel may only contain 100ft of cine film. We use specialised HD film scanning equipment that produce high-quality crystal clear, flicker free film transfers. Our scanning equipment use Super bright LEDs which produce no heat on the film. They have direct drive mechanisms with no claws, sprockets or pinch rollers to damage brittle film that can happen all too often using old home projectors. Your cine films can be supplied on DVDs or as Digital Video Files. We can also add background music and titles.

Standard 8 and Super 8 Cine Costs

Size	Maximum length on reel	Duration of film (approximate)	Cost (per full reel)
3" reel	50ft	3 – 4 minutes	£6.00
4" reel	100ft	7 – 8 minutes	£10.00
5" reel	200ft	14 – 16 minutes	£18.00
6" reel	300ft	21 – 24 minutes	£26.00
7" reel	400ft	28 – 32 minutes	£34.00

16mm Cine Costs

Size	Maximum length on reel	Duration of film (approximate)	Cost (per full reel)
3" reel	50ft	2 minutes	£10.00
4" reel	100ft	3 – 4 minutes	£15.00
5" reel	200ft	7 – 8 minutes	£24.00
6" reel	300ft	10 minutes	£35.00
7" reel	400ft	15 minutes	£44.00
