FILMING : EVENTS : PROMOTIONAL : TRAINING : CONFERENCES

Take One offer value for money video filming and keep things simple by offering packages to suit your requirements and budget, whilst also being flexible. We use professional 4K (Ultra HD) and HD video cameras with wired and wireless microphones providing excellent picture quality and sound. We can also provide a portable green screen backdrop allowing different backgrounds to be added during editing. Where no editing is required we can provide you with all raw footage for your own requirements.

EDITING : WEB VIDEO PRODUCTION : DVD PRODUCTION

We edit using Final Cut Pro X on our suite of Apple Macintosh computers. We can output your edited films to a range of digital video formats for viewing on computers or for upload to the web and other platforms, or alternatively can professionally author your film to DVD disc with complex menu structures. For DVD projects we can design and print photo quality case sleeve packaging and directly print onto premium DVD disk face. We duplicate the DVD in-house using our high speed stand-alone duplication banks.
